

Instruction for Taking the Computer Merit Badge Test

This Merit Badge checklist is a chance for you to show the Wizard, other citizens in the Fifth Dimension, as well as your friends and family just how much you know about computers. I am going to give you instructions for each part of the checklist, and when you get to a point where you cannot do what I ask, we will move on to the next section of the test. When you complete all parts of this demonstration, you will have proven your expertise in computers. From there on, you will be known as a “Computer Expert”, both inside and outside of the Fifth Dimension. There is no time limit, and you can take the test more than once to earn your Computer Expert Merit Badge.
